27. Waimea Valley — 1/5 difficulty, 2 miles round trip for 1.5 hours

Snorkel Bob's TOP PICKS

1. Hanauma Bay Marine Life Conservation District
2. Waikiki Marine Life Conservation District is past the Natatorium
3. Mākaha Beach Park is farther out 93. Lifeguards here, 9-5:30. I, SB head out 50 yards and turn right for thick fish traffic. Good for body boarding too, except when the surf is BIG!
4. Makai Research Pier is 5.1 miles past Hanauma Bay going east on 72. Park and snorkel on the west side of the pier--ingress & egress from the beach. A LIVE reef here with plenty fish.
5. Lanikai Beach is good for swimming & snorkeling, miles of great beach. Windsurfers here, so watch out. Beach access is between homes.
6. Mālaekahana Bay State Park (Goat Island) is on 83, 24.1 miles past 63 going north. It's a long beach with a reef & postcard pretty islet just off the beach that you may swim to.
7. Turtle Bay is on 83, 30 miles past 63 going north. Turn right at Turtle Bay Resort & right again at the security shack.
8. Shark's Cove and 3 Tables are part of Pūpūkea Marine Life Conservation District in the heart of the North Shore--BEWARE October through April--KILLER SURF & CURRENTS. You can break your toe just sticking it in the water, it's that rough.
